

WHAT IS NARCA?

NARCA replaces the old “Assigned Ratings Class (ARC).” ARC ratings were loosely based on PHRF’s National Ratings Board base ratings.

NARCA is similar except it is based on the ORA VPP and therefore are a much more accurate prediction of sailboat performance over a range of wind speeds and points of sail. (PHRF only offers one or two, based on 12 knots of breeze and two course configurations)

NARCA is cheaper than PHRF, ORC and ORC Club. It’s just 35 dollars and is good for three years...an amazing rating tool for the low, low price of \$11.67 per year!

Email Jay Tyson (jwtj29@gmail.com) to get started on YOUR NARCA RATING! But do it soon, we are closing in on race day!
